TWO PARTS—SEDALIA, MISSOURI, TUESDAY EVENING, MARCH 16, 1909.—PART ONE.

VOL. 3, NO. 64. PRICE FIVE CENTS.

EXPECT 225 MINISTERS

WHEN ST. LOUIS CONFERENCE
BEGINS ITS SESSIONS
HERE TOMORROW.

WILL BE A MEETING OF LAYMEN FRIDAY

It Will Be Held at the First Congregational Church, With 150 Visitors Present—To Be Changes in Local Pastors.

The forty-first session of the St. Louis conference of the M. E. church will open at the First M. E. church at 8:30 o'clock tomorrow morning, and the final session will be held next Monday forenoon, the 22d, when the appointments for the ensuing year will be announced.

Bishop W. F. Anderson, of Chattanooga, Tenn., will preside at the conference. He arrived in the city this afternoon, and while here will be a guest at the home of Mr. and Mrs. J. C. McLaughlin, 501 West Seventh street.

The Rev. S. S. Martin is winding up his seventh year as pastor of the First M. E. church, and the general belief is that he will not be returned here. The salary is \$1,700 per annum. There is some opposition to the retention of Rev. Martin, some of the parishioners desiring a younger man. Three or four names are mentioned, either one of whom may succeed Dr. Martin, but no one outside of Bishop Anderson knows "what's what" in the premises.

It is understood that the First M. E. church officers would increase the pastor's salary from \$1,700 to \$2,100 per annum provided they were given a certain divine by Bishop Anderson, but it is feared he cannot be secured. The transfer of Dr. Martin to another conference is not improbable. Be that as it may, he has done a good work in Sedalia, and he and his esteemed family will always have the best wishes of a legion of friends here.

A new pastor is also probable for the Epworth M. E. church, of which the Rev. Perry Pierce is pastor. The salary is \$1,200 a year, but the church board would increase it to \$1,350 if Rev. Pierce would consent to remain.

However, it is understood he desires to enter the evangelistic field, and for this reason it is deemed certain that he will not be returned as pastor of the Epworth church.

It is expected that 225 ministers will be here to take part in the opening conference.

A meeting of laymen will be held at the First Congregational church on Friday, which 150 visiting churchmen are expected to attend.

As a preliminary to the conference, Dr. Luther B. Freeman, of Kansas City, will lecture at the First M. E. church tonight, and the general public is invited to hear him.

Following is the program for the first day of the conference, tomorrow:

8:30 a. m.—Devotional.

9 a. m.—Address of welcome. Hon. E. E. Johnston, of Sedalia.

Communion services, Bishop W. F. Anderson, of Chattanooga, Tenn.

Business session.

Collection of statistics.

3 p. m.—Missionary sermon, Rev. L. M. Thompson, of Farmington.

7:30 p. m.—Song service.

8 p. m.—Foreign missions, Rev. D. W. Crowe, D. D., of Joplin, presiding.

Address, Dr. J. B. Trimble, of Sioux City, Iowa.

STANDS BY THE "KATY"

Guthrie Chamber of Commerce Opposes the Boycott.

Guthrie, Okla., March 16.—The Guthrie Chamber of Commerce, as well as the Merchants' association, today adopted resolutions condemning the action of the Kansas City jobbers in a threatened boycott against the Missouri, Kansas and Texas railway in connection with the rate reductions.

The resolutions propose a boycott against the Kansas City jobbers.

TOOK CHILD TO ST. LOUIS

Master Hugh Muir for Treatment by a Specialist.

Mr. and Mrs. H. D. Muir, accompanied by their son, Master Hugh, left last night for St. Louis, where Master Hugh will undergo further

treatment at the hands of a specialist.

Only last week Master Hugh was brought home, after twelve weeks' confinement, following a surgical operation for appendicitis.

Several nights ago he attended a downtown picture show and contracted a cold, which caused pain in his side.

Fearing that after results from the operation might ensue, Mr. and Mrs. Muir returned with the child to St. Louis to avoid more serious results.

The Meeting Was Postponed.

A meeting of the Gentlemen's Driving club was to have been held at the office of J. T. Stinson, Fourth street and Lamine avenue, Monday night, but owing to the absence of several officers the meeting was postponed until next Monday night.

BENEFIT FOR MR. BARKER

A MEETING TO THAT END HELD AT OFFICE OF SEDALIA TRUST CO.

ENTERTAINMENT SOME TIME IN APRIL

It is in Appreciation of Mr. Roy P. Barker's Gratuitous Services to Many of the Local Fraternal Orders.

A meeting of several representatives of various fraternal organizations of the city was held at the Sedalia Trust company's building late Monday afternoon to arrange a testimonial for Roy P. Barker, the well-known entertainer and one of Sedalia's most worthy young men.

G. H. Scruton was elected chairman, L. F. Ritchie, secretary, and C. C. Evans, treasurer.

The plan is to give an entertainment some time in April, and the best professional aggregation that can possibly be secured will be engaged to give the production.

The plan is being pushed in appreciation of Mr. Barker's services to different organizations of the city, which he has always tendered gratis.

THE TWO SAMPLE LIGHTS

They Are Expected to Be in Operation Thursday Night.

An expert from the General Electric company and one from the Westinghouse Electric company arrived here this afternoon to begin the work of installing an electric light each for experimental purposes.

One of the lamps will be installed at Fourth street and Lamine avenue and the other at Fourth street and Osage avenue.

Work will be begun at once, and the lamps will be in operation by Thursday night. They will be placed to test their ability with a view by each company of securing a franchise for lighting the city.

HE WANTS A TOWN CLOCK

Buy It With \$1,500 Raised for the Convention Hall.

A well known member of the Sedalia bar today suggested to the Democrat-Sentinel that the \$1,500 raised some eight years ago among the citizens of Sedalia for the purpose of erecting a convention hall be used to purchase a town clock to be installed in the dome of the court house while other improvements are being made.

The \$1,500 in question was donated by subscriptions and is now on deposit in the Third National bank, with F. E. Hoffman, sr., as custodian. The suggestion might be favorably acted upon to good advantage.

FOUGHT TWO FATAL DUELS

Jealous German Challenged Two Army Officers and Killed Both

Eisenach, Germany, March 16.—Schutzbar Mitz, a wealthy land owner, fought two pistol duels here today with officers of the army and killed both his opponents.

Mitz's wife is said to be an American. Jealousy prompted him to challenge the officers. His opponents were Lieut. Von Buttlar and an army surgeon, whose identity is unknown.

COMRADES

"Hail Fellows, Well Met!"

All Rights Reserved.

GEO. F. HALL, BANKRUPT

THE MANAGER OF THE SEDALIA THEATER SEEKS RELIEF UNDER THE ACT.

HIS LIABILITIES ARE ALMOST \$5,000

Nearly Entire Sum Is Due Home People—He Has Assets of \$200, Which Claims to Be Exempt Under Law.

George F. Hall, manager of the Sedalia theater since last September, was adjudged a voluntary bankrupt in the United States court at Jefferson City Monday.

His liabilities amount to \$4,382.64, while his assets are \$200, which he claims are exempt.

Three-fourths of Hall's creditors are Sedalians, and many are personal friends of the petitioner. W. D. Steele represents Hall.

The "failure" appears to be another case of "frenzied finance" with a vengeance.

George F. Hall has lived nearly all his life in Sedalia and has been considered a model young man. He made friends during his connection with the several mercantile establishments in which he was employed previous to his connection with the Sedalia theater, and while in the box office there further enlarged his friendships.

He became an Elk and when he took over the management of the theater last September everyone in the city was eager to give him a helping hand. In consequence accounts were permitted to run and laxity was shown in collecting as a favor to the young man and with the hope of helping him in his first venture. No apprehension was felt by his numerous creditors, even after he began branching out, forming the Mid-West Amusement company and taking over the Lyric theater and in leasing and remodeling the Gold building into a dance hall and skating rink.

Many thought he was plunging rather deeply, but believed, of course, that he would be able to finance his undertakings. As a consequence those who favored him are now included in his long list of creditors, covering possibly a space of three legal caps of paper.

For years there has been no failure here by which so many local people suffered, and much indignation was ex-

pressed on the streets today at young Hall's fiasco.

Fined for Lewd Conduct.

Lena Ramsey and Will Davis were arraigned in Judge Rickman's court today on the charge of lewd conduct. The former was fined \$1 and costs and the latter was given ten days in jail.

Will Lecture at College.

The Rev. Dr. Mason, colored, arrived from Kansas City today, and this afternoon will lecture at White church, and tonight will lecture at George R. Smith college.

MINISTERS AND WOMEN

KEEP THE STUDY DOOR LOCKED IS THE ADVICE OF CHICAGO DIVINE.

THIS BEST WAY OUT OF TEMPTATION

Don't Better Have Your Wife With You in the Study, or at Least See to It That the Janitor Is Present.

Chicago, March 16.—Parochial visits by clergymen, unattended by their wives, and business conferences in the office of a church without the presence of the church janitor were censured before members of the Presbyterian ministers' conference yesterday when Rev. W. F. Barton, pastor of the Congregational church of Oak Park, addressed the meeting on the subject of "The Ministry and Woman."

"When a minister remains in his church study alone and with the street door unlocked there is no telling what may happen," said Dr. Barton.

"Someone might enter, creating suspicion that it would be impossible to explain. Have the janitor present at all times. If the janitor's hours are over, the minister should also close his study hours. He should not stay alone."

RATE 2 1-2 CENTS A MILE

This Will Be the Maximum in Virginia Hereafter.

Richmond, Va., March 16.—Under a decision rendered today by the state corporation commission the maximum passenger rate on Virginia railroads hereafter will be 2½ cents a mile.

MESSAGE ON THE TARIFF

IT WAS SENT TO THE CONGRESS BY PRESIDENT WILLIAM H. TAFT TODAY.

MORE REVENUE ABSOLUTELY NECESSARY

By July 1, Next, There Will Be a Deficit of \$100,000,000—The Sooner the New Law Is Enacted the Better.

Washington, March 16.—When the house met today it was with the expectation that the president's message on the tariff would be received, and also that the tariff bill itself would be presented by the committee on ways and means. The house proceeded at once to the drawing of seats, which was postponed from yesterday.

Mr. Taft's message to congress was presented later and follows in part: "I have convened congress in this extra session in order to enable it to immediate consideration to a revision of the Dingley tariff act.

"Conditions affecting production, manufacture and business generally have so changed in the last twelve years as to require a readjustment and revision of our import duties.

"Furthermore, the present tariff act does not furnish income enough to pay the authorized expenditures. By July 1, next, the excess of expenses over the receipts for the current year will equal one hundred million dollars. It is therefore of the highest importance that a new bill be agreed upon and passed with as much speed as possible consistent with its due and thorough consideration.

"In my inaugural address I stated in a summary way the principles upon which, in my judgment, the revision of the tariff should proceed, and I shall not here repeat them.

"I venture to suggest that the vital business interests of the country require that the attention of this session of congress be chiefly devoted to the consideration of a new tariff bill, and the less time given to other subjects the better for the country."

The new tariff bill will be introduced in the house tomorrow, the delay in its presentation being to secure the approval of the new republican member on the ways and means committee, whom the speaker will appoint to succeed Mr. Borynge, of Colorado, whose term has expired.

Raided a Crap Game.

Deputy Constables Zoellig and Brown raided a negro "crap shooters' game" on East Main street at 11:30

o'clock last night and arrested twenty-six inmates of the place, confiscating the paraphernalia. The prisoners were released on their own recognizance and will be arraigned for trial in the "Four Courts" tomorrow morning.

Fifteen Days for Theft.

Thruston Henderson, a negro, was arrested by a deputy constable last night for stealing coal from Alderman J. M. DeJarnette. Today Judge Rickman imposed a fifteen days' jail sentence on the prisoner.

Nothing New About Brick Plant.

There is nothing new this afternoon in the negotiations pending looking to the putting in of a \$50,000 brick plant in Sedalia.

A FUGITIVE MURDERER

LUTHER ANDERSON SPENT TWO DAYS AT THE HOME OF HIS PARENTS.

FATHER TOLD SHERIFF OF VISIT OF SON

City Marshal Dye, of Perry, Mo., is on the Trail With Bloodhounds—An Organized Posse in Pursuit of Fugitive.

Mexico, Mo., March 16.—Luther Anderson, who escaped from the Montgomery county jail on the night of February 28, spent Wednesday night and Thursday at the home of his parents near Farber.

J. M. Anderson, the father, made this statement to Sheriff Earnst, of Montgomery county, yesterday. Sheriff Earnst had been in Farber making an investigation.

"Luther went to his father's house some time Wednesday night," said the sheriff. "When he walked in Anderson and his wife were almost paralyzed with fear and refused to harbor their son.

"Anderson told Luther that he could not keep him and said he must leave at once. Luther begged for assistance, which was refused.

"Luther told his father that if he would hitch up and drive him back to Montgomery City he would give himself up to the authorities.

"When the team was ready to start, Luther backed out. The mother then refused to stay, and, after bidding her son good-bye, went to the station Thursday morning and departed for Illinois."

It was learned last evening that the man who rode a stolen horse had been seen northeast of Laddonia.

City Marshal Dye, of Perry, Mo., was telephoned and is on the trail with bloodhounds. Poses have been organized and the country is being searched.

A COUPLE OF "BOOT LEGGERS"

They Were Taken to Jefferson City for Trial Today.

T. H. McKenna, a United States deputy marshal, was in the city this morning, en route from Clinton to Jefferson City with G. M. Moore, white, and Earl Snorggrass, a negro, formerly employed as porter at a local hotel, where they will be arraigned for trial on the charge of selling liquor without a license.

The prisoners were recently arraigned before the United States commissioner at Clinton, and after being bound over to the United States court were lodged in jail, awaiting date of their trial.

IT MAY MEAN WAR

Situation Between Austria-Hungary and Serbia Very Acute.

Berlin, March 16.—The situation between Austria-Hungary and Serbia is still in an acute stage. Austria is about to make another effort with a view of bringing Serbia's views into accord with her own. If successful the negotiations will pursue a peaceful course, but if not hostilities are declared to be inevitable.

Initiate a Class of Twenty.

At tomorrow night's regular meeting of Sedalia camp No. 16, Woodmen of the World, a class of twenty candidates will be initiated into the order.

RECEPTION FOR PASTOR

WELCOME FOR THE REV. HAROLD COOPER AND HIS ESTIMABLE WIFE.

BE HELD AT CHURCH PARLORS TONIGHT

Mrs. O. P. Wilcox is Chairman of the Ladies' Social Committee, Which Has the Affair in Charge—Evening's Program.

The Ladies' Social committee of the First Congregational church will give a reception at the church parlors from 8 to 10:30 o'clock tonight in compliment to the new pastor of the church, the Rev. Harold Cooper, recently of Ironton, O., and wife.

Mrs. O. P. Wilcox is chairman of the committee, having the event in hand, and has left nothing undone to make the occasion a memorable one. The edifice has been prettily decorated with ferns and white carnations, and throughout the evening Brandt's orchestra will furnish music.

J. H. Mertz will deliver the opening address of welcome, followed by an address of welcome in behalf of the ministers of the city by the Rev. A. W. Kokendoffer, to which the Rev. Cooper will respond.

At the conclusion of the affair refreshments of ice cream and cake will be served.

The reception committee consists of the deacons of the church and their wives, as follows: Mr. and Mrs. J. H. Mertz, Mr. and Mrs. E. W. Arey, Mr. and Mrs. A. E. Whitney, Mr. and Mrs. W. H. Van Wagner, Mr. and Mrs. W. B. Challacombe, E. E. McClellan and George Bowers.

PAY ROLL "BIGGEST EVER"

That of the Missouri Pacific in Sedalia March 17.

The pay roll of the Missouri in this city for this month will be the largest ever paid by the "Old Reliable" in Sedalia. The mechanics and other employees at the shops are working on a schedule of nine hours a day, while during a part of the month many men were employed a portion of the night.

The pay roll of the M. K. & T. for this month is also very large, though not as large as it has been in years past. The men at the latter shops are working nine hours a day, six days a week, while during the same month last year they were working only eight hours a day and five days a week.

THE POULTRY FANCIERS

Met Monday Night and Elected Officers for Next Year.

The annual meeting of the Pettis County Poultry association was held in The Ruralist office Monday night, March 15, and the following officers were elected:

President—Dr. Ira T. Bronson.
First vice president—D. D. Brede-

ma.
Second vice president—E. M. Mon-

sees, Beaman.
Third vice president—August Mah-

ke.
Fourth vice president—John Bruns,

Concordia.
Secretary—E. W. Greene.

Treasurer—S. G. Whitprecht.
Superintendent—J. B. Housel.

The officers were made the executive committee.

It was decided to hold the next annual show December 28 to January 1.

W. E. Hurlbut was unanimously tendered the secretaryship, but declined to serve another year.

CATHOLIC LEAGUE MET

At Sacred Heart School Hall Monday Night.

The Young Men's Catholic league of Sacred Heart church met at the school hall Monday night and transacted considerable routine business.

The application of Joseph Ryan to be admitted to membership was favorably balloted on and Will Van Hoff was appointed chairman of a committee of three to select reading matter for the league's library.

Henry Pfeiffer, Anthony Van Hoff and Henry Dickman were appointed a committee to arrange the league's ritual, and will meet for that purpose Thursday evening.

RAILWAYS AS CIVILIZERS.

"The Advance Agent of Prosperity" is the title under which C. M. Keys, a writer in World's Work, describes the way in which a new railroad through a country makes a ribbon of civilization perhaps twenty miles wide.

"The town on the railroad," says Mr. Keys, "has no physical advantages over the other, except the railroad. Yet it is full of life. Furniture factories, tanneries, saw mills keep up the pace. The men are full of business, alive with ambition, stirring with imagination. Their sons and daughters receive education and training and have life. For miles around the magic touch of the railroad wakes the resources of the country into life, changes them into money, sends them pouring out to join the mighty streams of commerce. Farming, ice cutting, lumbering, manufacturing, fruit culture, all started anew with the opening of the railroad. Without any highway of commerce the country lay dead; with it came the life of a busy community."

What is the immediate future of railroad building in the United States? Mr. Keys declares:

"Today capital is timid before restrictive legislation. Today the English investor shivers when one mentions the south. In a world of politics, great and small, of laws wise and foolish, of lawsuits sane and crazy, of scandal aimed at stock exchange and magnate, it is well to remember this one fact that capital and capital alone, can open up the million fields yet unbroken in this country, and coax civilization into the great lands yet untrodden."

JAPANESE EXPANSION.

By much repetition the falsehood that the Japanese are an aggressive lot who are spurring for a fight with us has assumed almost the air of a truth. In fact, for 250 years before the opening of Japan by Admiral Perry that country had had neither an external nor an internal war.

Granting that Japan needs to expand territorially to gain room for an excess of population, her national endeavors for a generation past testify to the fact that her face is not turned toward America, but toward the Asian mainland. Korea, Manchuria, Saghalien and Formosa being and are the fields of her expansionist enterprises.

The historic facts vouch for the sincerity of the declarations of the Japanese government that it is as anxious to turn the surplus labor of the country into those fields as this government is to keep the same out of the United States and to prevent further complications of the race problem in America.

The notion that Korea and Manchu

ria are already overcrowded is born of ignorance. On the contrary, they are peopled as sparsely as most of our own trans-Missouri regions. There is nothing Japanese statesmen more ardently desire than to fill these unoccupied lands with a population from which a territorial army could be recruited equal to the Siberian levies of Russia.

Our national policy and that of Japan does not conflict, but they harmonize and will continue to harmonize. If marplots will let well enough alone.

LITERATURE OF ADVERTISING.

In a single issue of a Boston newspaper there are reviews of three new books on advertising. The rapid increase of literature of that character must have been noticed by every reader of book reviews. It is a sign of the times. Advertising books are turned out by wholesale because there is a wholesale demand for them. The demand arises because every year more and more business men who used to struggle along without other publicity than that arising from the display of the firm name over the door and on the letterheads are realizing the vital necessity of going after the trade that won't come to them unsolicited.

There is, in short, an advertising awakening, and a search for increased advertising knowledge. The enormous success attained by consistent advertisers in good newspaper mediums have doubtless had more to do with an enlarged interest than any other factor.

Well, we see that Mr. Andrews has promised Alferman Ingenritz to furnish pure water some time this season. That's something, isn't it? But how about that "dingbat" that the gas company substituted in place of a genuine photometer in the city clerk's office? Can't the council get busy about that? Every day that the bogus machine remains in place enables the company to mulct the consumers of Sedalia how about it?

A New York club gave a luncheon last week and after the spread discussed the benefits to be gained by "enlisting college men in the work of bettering the city." At that selfsame hour "Big Tim" Sullivan was distributing 5,000 pairs of shoes among the needy in his district. The claims being guaranteed by a ticket which had secured a free Christmas dinner. The 5,000 will remember "Big Tim" when he needs them without any further argument.

Some wag has suggested that Uncle Sam go into the gold mining business on his own account, rather than buy bullion at a high price. There are several citizens who reside all the way from the east to the west who could sell him some stock in promising ventures.

The man who has only a quarter to spend for his dinner doesn't need an appetizer.

The fellow who agrees with everybody is a most disagreeable sort of person.

It is a sure sign of a protracted cold spell when your coal bins get low.

The heart prompts many a good deed that is vetoed by the head.

The poorest marksman sometimes hits the nail on the head.

Death of Mrs. Elinor McCartney Lane.

Lynchburg, Va., March 16.—Mrs. Elinor McCartney Lane, the novelist, died here late last night while on her way south. She had been ill several days.

"The Mill of God" and "Nancy Stair" are two of her works. She was 45 years of age.

Woods' Liver Medicine is a liver regulator which brings quick relief to sick headache, constipation, biliousness and other symptoms of liver disorders. Particularly recommended for jaundice, chills, fever, malaria. The \$1 size contains two and one-half times as much as the 50c size. Sold by the W. E. Bard Drug Co.

New Vegetables.

New Onions, carrots, spinach, lettuce, soup bunches, radishes, grape fruit, bananas, Swiss cheese, oranges, lemons, cocoanuts, etc., Saturday at Cain's Cash Store, 112 14 West Main.

Italian Meat Balls.

One pound of hamburger steak, one cup bread crumbs, one-half cup grated cheese, two eggs beaten until light, one tablespoon chopped parsley, salt and pepper; mix in balls size of an egg, then drop in soup stock, and boil ten minutes, and then add two beaten eggs, one spoon grated cheese, and stir in lastly for thickening; serve.

More new style Wall Papers, absolutely NEW in every respect, than can be shown under another Pettis Co. roof.—West's Book Shop.

ARMED WOMEN RIOTERS

FIFTY WIELD CLUBS, KNIVES AND PISTOLS ON GRANITE CITY FOUNDRYMEN.

HALF HUNDRED HURT IN A RED HOT BATTLE

"Hungry Hollow" Strikers Storm the Gates as Non-Sympathizers Emerge—Giantes Defies Mob in Defense of Husband.

St. Louis, Mo., March 16.—A riot, in which brickbats, clubs, knives and revolvers were used as weapons, when more than fifty men and women were badly cut and bruised, was precipitated by the striking employees of the American steel foundries at Granite City yesterday evening about 5:30 o'clock, just as the day shift was leaving.

About 350 strikers and fifty women, armed with all sorts of weapons, collected at Pacific and Chestnut avenues, in "Hungry Hollow," and swooped down unexpectedly upon the workmen as they left the foundry. The battle raged with fury for more than half an hour before the police, aided by citizens from Granite City, were able to quell the riot and make arrests. Mike Haworthian, Barty Gutchian, Thomas Jahnsen and Mrs. Pete Jahnsen were arrested. The men were so badly wounded that they had to be treated by City Physician Benjamin King after arrested.

Mrs. Pete Jahnsen, who is over 6 feet tall, was arrested for carrying a pistol. She heard of the intended riot, and as her husband was at work in the foundry she went with drawn revolver to the gates and met and safeguarded him to her home. None of the strikers dared molest him. She was later arrested, charged with carrying a deadly weapon. The men were charged with rioting.

The cause of the riot was the refusal of the workmen to join the ramblers in a sympathetic strike. There was no indication last night that the strike would be settled, and as the work in the foundry was almost at a standstill yesterday it is possible the plant will be closed for a while. Manager Walcher says he will import men to take the place of the strikers.

SOFT, GLOSSY HAIR.

It Can Only Be Had Where There is No Dandruff.

Any man or woman who wants soft glossy hair must be free of dandruff, which causes hair falling. Since it has become known that dandruff is a germ disease, the old hair preparations that were mostly scalp irritants, have been abandoned, and the public, barbers and doctors included, have taken to using Newbro's Herpicide, the only hair preparation that kills the dandruff germ. E. Dodd, Dickinson, N. D., says: "Herpicide not only cleanses the scalp from dandruff and prevents the hair falling out, but promotes a new growth. Herpicide keeps my hair very glossy." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

One Dollar Bottles Guaranteed.—Scotten Drug Company.

Laid Up at His Home.

William S. Dixon, the sign painter, is confined to his home on East Sixth street, suffering from an attack of la grippe.

We have always prided ourselves on having exclusive styles of Wall hangings. This season is no exception. Would like to make this plain to you.—West's Book Shop.

St. Patrick's Day Dance.

The Sedalia Military band will give a dance Wednesday, March 17, at Sedalia hall. Full band. Tickets 50c. Ladies free.

THE MOTOR BOAT RACES

Started on Schedule Time at Palm Beach Today.

Palm Beach, Fla., March 16.—As a great deal of time and care was taken in preparation for the races began here today under the auspices of the Palm Beach Power Boat association, everything was started smooth on schedule time.

The races are held on a course measuring two and one-half nautical miles straightaway, with a minimum depth of twelve feet and a maximum of twenty feet. There is practically no tide on the lake, thus permitting top speed.

The trophies offered the winners have a total cash value of between \$2,500 and \$3,000.

JEFFERIES VS. JOHNSON

White Man Is Seriously Considering the Negro.

New York, March 16.—James J. Jeffries having finished his engagement at Blaney's Lincoln Square theater, is now looking closely into the proposed match with Johnson, which depends on his condition, as he has decided to fight if he can get into a satisfactory state.

So far he has made satisfactory progress.

INGREDIENTS FOR LIVER LOAF.

Variety Needed, But the Finished Product Is Delicious.

Soak a lamb's liver and heart in cold water until the blood is disgorged, then place a stewpan with one calf's tongue and one-half pound of lean fresh pork. Add one scant teaspoonful salt, a dash of pepper, and tied together in a thin bit of muslin, four cloves, six allspice berries, and half of a bay leaf. Pour over barely enough boiling water to cover, and simmer gently four hours. Trim off all fat, tubes, and gristle, and chop fine. Add a little more salt if needed and a shake of pepper, and just enough of the hot liquor to moisten. Pack in a greased pan, cover with a plate and weight, let stand over night, when it will be ready to slice. It is the best way to let it cool in the liquor in which it was cooked before chopping.

Stewed Spanish Onions.

Two pounds of Spanish onions, one cupful of milk, one tablespoonful of flour, one tablespoonful of butter and seasoning of salt and pepper. Peel the onions, put them into a pan of boiling water and boil them until they are tender; they will take from one to two hours, according to their size. Next drain off the water. Melt the butter in a saucepan, stir in the flour smoothly, then add the milk, salt and pepper. Stir this over the fire until it boils and let it cook for five minutes. Now put in the onions, reheat them thoroughly and serve in a hot vegetable dish.

Apple Pucker.

Roll out your pie crust a little thicker than for a pie, line a granite or crockery basin with the crust, letting it fall over the sides of the basin to touch the table. Fill basin with sliced apples, sugar, pinch of salt; bits of butter, and cinnamon as for an apple pie. Put cinnamon through the middle and again over the top of the apples. Then pull the paste up over the apples, letting it pucker or come as it will, only don't let it meet. If there is too much paste cut it out so there will be a hole in the center as large as the bottom of your lamp chimney. Bake same as a pie. Do not use a large deep basin, but rather a shallow one.

Potatoes Baked in Milk.

Pare and cut in thin slices crosswise one dozen potatoes, slice two large onions and add about one-half parsley. Put the whole into a granite pudding dish and cover with milk, putting pieces of butter on top. Bake in a hot oven for one-half hour. Salt and pepper should be added when served, as the milk is apt to curdle if it is added before cooking. This recipe is also good if canned tomatoes are used instead of milk.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by the W. E. Bard Drug Co.

SUGGESTION CAUSES SUICIDE

Fourth Case of Self-Destruction Follows Romance.

Venice, Ill., March 16.—Twenty-four hours after he had picked up the body of a suicide, C. B. Smith, a well to do resident of this city, ended his life yesterday with carbolic acid, the same poison that Robert Nichols, the man he had tried to aid, drank.

Smith was at Madison when Nichols died. Robert Nichols had killed himself after his brother, John, and Miss Beryl Somers had ended their lives. The last three suicides were caused by a disastrous love romance.

Smith's daughter thinks mental suggestion caused her father to drink poison.

Gehlken & Milburn sells both "S" and "Vigoral" flour.

Only One "BROMO QUININE," that is Laxative Bromo Quinine & W. L. on every box. 25c Cures a Cold in One Day, Grip in 2 Days

CHILD ATE AN ENTIRE BOX OF CUTICURA

Spread on Some Crackers—Not the Slightest Injury Resulted from Little Fellow's Escapade—In Most Positive Way Ingredients of

CUTICURA PROVEN PURE SWEET AND HARMLESS

A New York friend of Cuticura writes the following interesting letter:—
"My three year old son and heir, after being put to bed on a trip across the Atlantic, investigated the state-room and located a box of graham crackers and a box of Cuticura Ointment."

"When a search was made for the box, it was found empty and the kid admitted that he had eaten the contents of the entire box spread on the crackers. It cured him of a bad cold and I don't know what else."

No more conclusive evidence than the above could be offered that every ingredient of Cuticura Ointment is absolutely pure, sweet and harmless. If it may be safely eaten by a young child, none but the most beneficial results can be expected to attend its application to even the tenderest skin or youngest infant. This feeling is shared by mothers and nurses to such an extent that Cuticura Soap and Cuticura Ointment have for many years been unhesitatingly used throughout the civilized world for preserving, purifying and beautifying the skin, scalp, hair and hands of infants and children from the hour of birth. And greater still, if possible, is the confidence reposed in Cuticura Remedies for the treatment of torturing and disfiguring humors of the skin and scalp. The suffering which they have thus alleviated among the young and the comfort they have afforded worn-out and worried parents have led to their adoption in countless homes as priceless agents in the speedy, permanent, safe and economical treatment of infantile and birth humors, eczemas, rashes, irritations, inflammations and chaffings, and other itching, scaly and pimply humors when all other remedies suitable for children fail.

Cuticura Remedies are sold throughout the world. Depots: London, 27, Charterhouse Sq.; Paris, 5, Rue de la Paix; Australia, R. Towns & Co.; South Africa, Lennox, Ltd.; Cape Town, East London, etc.; Russia, Petrov & Morozov; Japan, Maruya, Ltd.; Tokyo, T. S. A. Potter Drug & Chem. Corp., Sole Props., Boston.

MISS MORGAN, RESTAURATEUR

Financier's Daughter Interested in Men at Navy Yard.

New York, March 16.—Miss Anne Morgan, daughter of J. Pierpont Morgan, will open a restaurant in the Brooklyn navy yard about May 1.

As chairman of a committee appointed by the New York section of the National Civic Federation, Miss Morgan has just received her authorization from the government to carry out this plan, which aims to provide for the men who work in the navy yard better food for less money than they can now obtain.

SUED BY A CHORUS GIRL

FORMER MEMBER OF ANNA HELD CO. INFATUATED GRAY-HAIRED TEACHER.

SEPARATED AT ALTAR, LATER MADE UP

Now the Wife Charges Husband With Cruelty—He Was Formerly a Professor at the Missouri State University.

New York, March 16.—Pupils of the De Witt Clinton High school were astonished yesterday to learn that their professor of biology, Dr. Richard Ellsworth Call, is being sued for divorce by a former member of Anna Held's company.

The suit reveals the infatuation of a gray-haired professor of most benign appearance for a chorus girl, their trial marriage, separation at the altar, suit for annulment of their marriage, reconciliation and the final breach which has culminated in the suit for divorce.

Mr. Call was assistant professor of natural sciences in the University of Missouri one year, 1885-6. He differed with Prof. J. W. Spencer, the ranking professor, on some scientific question and lost his position at the end of the year on that account.

He was married at that time. He was considered an authority on snails and had a fine collection of shells. He was a church worker and his family life appeared ideal. His first wife died before he met his present spouse.

Mrs. Call was known as Bijou Charlot when she appeared in the chorus of "The Little Duchess." She is a fascinating girl of French extraction, who became known to many members of exclusive New York society while she was a manœuvre at the Hotel St. Regis. When she met Prof. Call he was curator of the Children's Museum in Redford park, between Brooklyn and Kingston avenues. He had recently divorced his first wife, who returned to her home in David City, Neb. Prof. Call lost his heart to the girl, and after an ardent wooing and his gifts to her, he says, of \$5,000 and \$1,000 worth of jewelry, they were married in April, 1906, in Montclair, New Jersey.

But what promised so much happiness ended abruptly. The professor's fair young bride, so he says, left him at the altar, telling him he would have to prove for a year his ability to support her suitably before she would live with him. Heartbroken he let her go her way, and did not see her again until almost two years later.

Hearing that she was living in West One Hundred and Sixth street, he says, he called to try to win her back, but was forcibly ejected from the house. Then she disappeared again, he says, and he applied for an annulment of the marriage on the ground that she had committed a fraud on him.

That suit brought her to light again, and when she sent for him to come to her at Bay Shore, Long Island, he yielded, and for a few months they lived together more or less happily. Then they separated again and this time it is the wife who is bringing suit. She accuses him of making her drink brandy and of ill-treating her, but this Prof. Call flatly denies.

Mrs. Call denies that the professor gave her \$5,000 or anything like that amount, and says that since their separation she has received only \$30 from him.

Preventives—those Candy Cold Cure Tablets—will safely and quickly check all colds and the grip. Try them once and see. 48-25c. Sold by the W. E. Bard Drug Co.

Go to McGinley's for the well known "S" and "Vigoral" flour.

TAINT OUR FAULT THAT EVERYBODY INSISTS ON GOLD COIN FLOUR. DON'T BLAME THEM FOR WANTING THE BEST.

Sand Soap.
Half a bar of coarse sand soap should always be kept within reach of the right hand of every dishwasher. Rub the half-bar right on to the bottom, both inside and outside, of all saucepans and spiders. Follow this with a scrubbing with a five-cent sink brush, kept up a little higher than the wire soap dish for the sand soap, and fashioned differently from the regular brush used for the sink. By training one's self to always use both sand soap and brush, pot and pan washing is robbed of much of its much talked of dislike. An occasional dipping of the pan brush on to the cake of common soap kept near will remove every vestige of grease.

Christmas Cake.
One and one-half pounds butter and one and one-half pounds sugar, rubbed

to a cream, 12 eggs, yolks and whites beaten separately, one-third pint of molasses, two teaspoonfuls cloves, two of cinnamon, two of allspice, two of mace, two good teaspoonfuls soda sifted through two pounds of flour several times, one nutmeg grated, one tablespoonful lemon, two pounds of currants, two pounds raisins seeded and chopped, one-half pound citron chopped, two-thirds cupful brandy. Bake slowly nearly three hours. This quantity makes three large loaves. Ice nicely, put away in jar in a cool place, and it will keep a year.

DRUGGISTS FIND ECZEMA CURE.

The local druggist is naturally slow to recommend a remedy for any disease; he will make a recommendation, as a rule, only after he has been thoroughly convinced. For he is not looking merely for one sale, but must have permanently the confidence of his customers.

Perhaps no remedy in the druggist's stock has been more widely endorsed by druggists themselves than the specific eczema cure, oil of wintergreen, thymol and glycerine, as compounded in D. D. D. Prescription. Among hundreds of letters from prominent druggists we quote a few: Mr. Higginson, of the Higginson Drug Co., Wichita, Kas., says: "We have a number of very enthusiastic people who have been cured by D. D. D. Prescription. These cured patients do as much to increase the sales as any advertising. You cannot make your advertising too strong, as we are ourselves enthusiastic in pushing the goods."

The Voegeli Bros. Drug Co., Minneapolis, Minn.; T. P. Taylor & Co., Louisville, Ky.; Wolff-Wilson Drug Co., St. Louis, Mo.; A. Baur, Terre Haute, Ind., and scores of other leading druggists have written the strongest kind of endorsements for D. D. D. Prescription.

We ourselves have carefully investigated this remedy and find that it is a simple compound of oil of wintergreen, thymol, glycerine and other healing ingredients. Our long experience with this remedy has given us the greatest confidence in its merits, and if any of our friends in this town are now suffering from eczema or similar skin diseases, they should not despair. Call at our store and ask about D. D. D. Prescription. W. E. Bard Drug Co.

Wall Paper hangings—the most artistic line ever shown by us, from \$1 a room to any price you might want. We have competent salespeople who know values to wait upon you, and assist with this knowledge to help you in any way you may need.—West's Book Shop.

TRAITORS IN THE CAMP

A COMPROMISE FORCED ON THE INSURGENTS WHEN DEMOCRATS BOLTED.

THE HOUSE RULES VICTORY INCOMPLETE

As a Result of an Understanding With Tammany and Southern Tariff Advocates Cannon Still Names Committees.

Washington, March 16.—By a coalition of Cannon republicans, Tammany democrats and Georgia and Louisiana tariff supplicants the radical reform of the house rules was defeated late last afternoon. A few real, though minor, concessions were forced upon the organization, however.

The contest was the warmest the house has seen in years. For four hours the advantage swung back and forth. Once when the old rules were voted down it looked as though the insurgents had won, and they were in an uproar of joy. Then the democrats who were subject to "influence" of one sort or another deserted and Cannonism carried the day.

Murdoch and Maddox, of Kansas, for the insurgents, were in the front of the fight to the end. The other Kansans and the Missouri republicans voted with the organization. Champ Clark made a gallant struggle on behalf of the democrats and all the Missouri democrats stood by him.

In the democratic caucus yesterday Ollie James, of Kentucky, a Bryan manager in Denver last summer, remarked that Clark's management of the fight had been so admirable and aggressive that if he kept up his pace as leader he would be the unanimous choice of the party for president in 1912.

Today the insurgents believe—though, naturally, they have no proof—that the great financial interests that control Tammany politics had reached an understanding with some of the leaders of the house organization by which, in return for political favors, they threw their influence with the New York democratic members on behalf of the old rules. Certainly the "compromise" offered by Fitzgerald, of Brooklyn, a McCarran democrat, and accepted by the regular republicans had all the appearance of a pre-arranged scheme.

When the revision plan of the insurgents and democrats, offered by Champ Clark, had been defeated, Fitzgerald was on his feet in an instant.

"Mr. Speaker," he shouted. He is a slight young man, with a seat in the rear of the house, and might readily have been overlooked. But Cannon was waiting.

"The gentleman from New York," he responded.

Mr. Fitzgerald offered his substitute for the Clark resolution. Recognitions are not accidental in the house of representatives. The resolution was a long and complicated document. But the republican leaders grasped its meaning with surprising readiness.

"It's all right; vote for it," was the word that was passed around. And vote for it they did, twenty-two democrats joining with them. Twenty-eight insurgents voted with the democratic progressives under Champ Clark against the compromise, but it carried, 211 to 172.

The compromise, while failing far short of what the insurgents and the democrats had hoped for, does provide for at least two substantial improvements and a third inconsequential one. It really puts the starch into the so-called "calendar Wednesday." Every Wednesday is set aside for a call of committees. When a committee is called any member has a right to call up for consideration and a

vote any measure reported by a committee. Thus it is possible to get action on bills without the speaker's consent. As granted by the house organization "calendar Wednesday" could be dodged by a majority vote. Under the new rule, only a two-thirds vote can dispense with it.

The second gain is the privilege of moving to recommit a bill that is not reported out in satisfactory shape by a committee. Under the old procedure the alternative to passing a bill was to defeat it. Several members, for instance, might desire important changes in a bill as reported by the committee. Under the old rules they probably would vote to pass the bill, because the alternative would be to kill it.

A third minor benefit is to permit members a certain latitude in getting their private bills through by unanimous consent without compelling them to go hat in hand to the speaker for permission.

PILES CURED IN 6 TO 14 DAYS
PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

Turkey Souffle.
Mix four well-beaten eggs and a tablespoonful of cream with about three ounces of cold turkey, pounded as finely as possible; add a little bruised onion and a seasoning of pepper, salt and cayenne. Place the mixture in a buttered mold, tie it down with a cloth and steam for an hour. Garnish with roasted chestnuts and serve with a good gravy.

Delicious Orange Ice Cream.
Blood oranges make delicious ice cream with a most unusual flavor. They also give a beautiful color to sherbet.—Harper's Bazar.

For a good job of wood sawing, call phone 256; gasoline saw.—Sedalia Fuel and Feed Co.

Curried Meat.

The meat should be fresh and free from bone. Cut it into pieces that can easily be served. To each pound of meat add a tablespoonful of curry powder, half a tablespoonful of flour, salt; mix these together and rub a portion of it upon the meat before it is fried in butter and the remainder afterwards. Fry a few onions brown, drain the fat from both meat and onions, and put in a stewpan, cover with boiling water and stew for 20 minutes; rub the remainder of powder smooth

with cold water, add to stew and let stew for an hour, or until meat is well done. Add lemon juice before serving. Place in center of dish and put a border of rice around it.

Brown Fricassee of Veal.

Thinly slice one-quarter of a pound of fat, salt pork; put it in a stewing kettle and cook until crisp and brown. Take out the pork, add the two pounds of veal and cut into fingers and turn until nicely browned, then transfer to a saucepan. To the hot fat add three tablespoonfuls of flour; when dark brown add gradually one scant quart of boiling water, stirring until smoothly thickened. Strain this over the meat, add salt and pepper to taste, cover and simmer gently for an hour. Serve with boiled rice.

Apple Sago Pudding.

Wash a cup of sago and set on the fire with three pints of cold water. Simmer two hours; then stir in one cup of white sugar, one teaspoon salt and one of extract of lemon. Have ready a deep pudding dish, in which, after it has been well buttered, put as many pared and cored apples as will stand in the dish. Turn over them the sago and bake one hour in a moderate oven. Serve with sugar and cream.

Brunswick Salad.

Open a can of shrimps, rinse them in cold water, cut in pieces, sprinkle with a French dressing and set aside for two hours. Cut one pint of cold boiled veal into dice, sprinkle with the dressing and let stand. Mix together and add one pint of finely-cut celery and sufficient mayonnaise to moisten. Arrange on lettuce leaves, cover with more mayonnaise and garnish with olives.

A PROMINENT EDITOR DEAD

He Was Publisher of "Our Dumb Animals" in Boston.

Boston, March 16.—George Thorndike Angel, "the friend of dumb animals" and leader in the humane educational movement of the country, died here early today, aged 86 years.

He was president of the Massachusetts Society for the Prevention of Cruelty to Animals and editor of "Our Dumb Animals."

One Name Was Omitted.

In the roster of the 1909 graduating class of the High school, printed in Monday's Democrat-Sentinel, the name of Harold Maltby, son of Mr. and Mrs. W. J. Maltby, was inadvertently omitted.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued.

Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N.Y.

Sturdy Suits for Sturdy Boys.

HAS AN ABNORMAL MIND

SO SAYS PROSECUTOR REGARDING LUMAN MANN, AL-LEGER MURDERER.

RECITES BIBLE CHAPTER AFTER CHAPTER

The State's Attorney May Ask Confinement of the Defendant as Criminally Insane if the Jury Acquits Him.

Chicago, March 16.—The trial of Luman C. Mann for the murder of Mrs. Frances Gilmore Thompson was marked by one of the most remarkable sessions ever held in a Chicago court. Mann was tricked by the prosecutor into betraying boundless egotism and uncontrollable rage, all combined with the masterfulness of a highly trained mind.

The crime of which he is charged was horribly brutal and shrewdly planned and executed. Mrs. Thompson was accompanied to a lodging house, beaten and kicked to death, and during her last struggles bound with wires that cut into her broken arms and bruised feet, after several handkerchiefs were stuffed into her throat and held there by coils of rope wound about her head.

Assistant State's Attorney Day adopted the plan of inducing Mann into a display of abnormal egotism.

The defendant gave a sample of this in boasting of his wonderful memory and offered to recite any part of the Bible, the whole of Milton's Paradise Lost and Dante's Inferno. He recited enough to convince the spectators of his phenomenal memory and was refused the privilege to proceed when he said the recital would require forty-five minutes.

Mann said he could quote the first 1,000 lines of Caesar's commentaries in Latin.

His boasts were made to show the accuracy of his memory in establishing an alibi for every day of the year 1904, when he was employed as a traveling salesman. The cross-examination was made by aid of a diary that had been kept by Mann.

He did not make a mistake in recalling the towns he visited, hotels at which he stopped and trains he took.

Mann's recital of his experiences with young women while he was a "booster" at Coney Island, New York, and Riverview park, Chicago, occupied several hours. He admitted candidly that he got 16-year-old girls drunk and escorted them home at all hours.

Chief Assistant State's Attorney Short expressed the opinion that Mann's conduct on the stand was sufficient to send him to prison for the criminally insane and discussed the advisability of taking steps to accomplish this if the trial results in an acquittal.

Pineules are for backache and bring quick relief to lumbago, rheumatism, fatigue and all other symptoms of kidney diseases. They are a tonic to the entire system and build up health and strength. Price 50c and \$1. Sold by the W. E. Bard Drug Co.

TALK OF THE TOWN.

Nearly Everyone in Albion, Mich., Praises Mi-na, the Money-Back Cure for Indigestion.

Albion, Mich.—The people of Albion are elated to an unusual extent because of the many and remarkable cures which have lately been made by Mi-na, a dyspepsia cure with a world-wide reputation. Everybody is endorsing Mi-na. Here is what some respected residents say:

Mrs. E. C. Cass says: "Mi-na cured me of stomach trouble that had bothered me a long time."

W. H. Mott says: "I had doctored for months without help. Used Mi-na and since using it three years I have been free from the distress."

Mrs. Emma Overy says: "For months I had dyspepsia, bad stomach distress, pains and nausea. Nothing I used relieved or cured till I used Mi-na."

The W. E. Bard Drug Co., Sedalia, sells the wonderful dyspepsia cure, Mi-na, for 50 cents a large box and they think so well of it that they will give your money back if it doesn't cure.

ITCHING SKIN DISEASES CAN BE CURED +ZEMO+

a powerful non-poisonous liquid anti-septic for external use, has proved by its many cures to be "The world's greatest cure for all diseases of the skin and scalp." Don't suffer when a cure is so near at hand.

BROOKFIELD, Mo., May 20th, 1906. St. Louis, Mo.

Gentlemen—I suffered ten years with the most distressing case of eczema. For several months I could not wash my hands nor face, my case was pronounced incurable. Nine bottles of ZEMO has entirely cured me and I am pleased to tell all sufferers to use ZEMO if you want to get cured of eczema. Yours respectfully, W. P. TUBBS.

THREE CTS. IN MISSOURI

ALL LINES TO FULLY RESTORE PASSENGER RATES ON APRIL 10, 1909.

DECISION OF EXECUTIVES IN CHICAGO

Two-Cent Fare Litigation in Other Western States Will Be Pushed Vigorously By All of the Railroads.

Chicago, Ill., March 16.—Western railroads are going to bend every energy toward bringing about a return to a 3-cent basis for passenger fares in all the states, and have already decided to file a 3-cent tariff for the state of Missouri, to take effect April 10. As soon after this date as possible the interstate rates will be raised to be in line with the 3-cent rate through Missouri.

This decision was reached yesterday at a conference of the presidents and vice presidents of Missouri roads, held in the office of B. L. Winchell, president of the Rock Island. The officials were unanimous in the opinion that full advantage should be taken of the legal opinion of Judge McPherson in the Missouri case, although there was at first some sentiment in favor of accepting the court's suggestion that 2½ cents be charged by the "strong" roads and 3 cents by the "weak" roads. Even if this were done, 2½ cents would have to be the rate wherever competition existed, and the 3-cent rate could be charged by the "weak" lines only on business which was non-competitive.

One or two of the presidents thought that if the suggestion of the court was accepted it might allow hostile measures by the state legislatures by the state legislature, but finally came to the conclusion that the worst the roads could get from the litigation would be 2½ cents. Therefore, no valid reason for making the concession could be advanced. Some months ago the executive board of the western lines appointed a committee, of which P. S. Zustis, passenger traffic manager of the Burlington, is chairman, whose duty it is to look after 2-cent rate affairs. This committee was instructed to have a meeting soon and to line up the situation with respect to the other states.

The executives are of the opinion that the existing suits against 2-cent laws should be pushed vigorously, and that suits should be begun in all other 2-cent states should the decision of the supreme court be favorable. At present there are no suits in the states of Oklahoma, Kansas, Nebraska, Iowa, Minnesota, Wisconsin, Illinois and Indiana. In the states of Arkansas, South Dakota and Minnesota the question is before the courts. With respect to the freight rates in the state of Missouri, no change is necessary, for the schedules provided for by the statute were never put in force.

J. M. Licklider warrants beautiful "S" and Vigorol flour.

Gold Coin makes white bread.

SOMETHING NEW FOR LUNCH.

Russian Fish Pie Has at Least the Merit of Novelty.

Take about one pound of fish that has been baked or broiled and has been left over from the day before or is cooled ready for this dish; flake it and set aside while preparing the following mixture: Melt together some flour and butter, add a pint of rich fish stock, boil with the butter and flour mixture, season with salt and pepper and a little anchovy. Lay in the bottom of a casserole the flaked fish, cover with an equal layer of boiled rice, pour over this some of the sauce already prepared and cover the top with sliced hard-boiled eggs. Upon this foundation arrange another layer in the same rotation until the casserole is nearly full, lay egg slices on the top, put dabs of butter over this and bake in the oven for a few minutes.

Pickled Ham.

For each 100 pounds of hams make a pickle of ten pounds of salt, two pounds of brown sugar, two ounces of saltpeter, one ounce of red pepper and from four to four and a half gallons of water, or just enough to cover the hams after being packed in a water-tight vessel, or enough salt to make a brine to float a fresh egg high enough, that is to say, out of water. First rub the hams with common salt and lay them in a tub. Take the above ingredients, put them into a vessel over the fire and heat it hot, stirring it frequently; remove all scum, allow it to boil, take it out, let it cool and pour over meat. After laying in this brine five or six weeks, take out, drain and wipe, and smoke from two to three weeks. This is the way to cure it.

To Wash Velvetten. That velvetten may be washed successfully will probably surprise many persons. Make a lather of some pure white soap and hot water, souse the velvetten up and down in it a number of times, then put it in two more

TOO BUSY TO ADVERTISE!

Great Cash-In Sale Is On!

Pupkin Dry Goods Co., Cor. 4th and Ohio.

hot lathers, and finally rinse thoroughly in clear, warm water. Do not wring it out, but hang it on the line and let remain until it is half dry. Remove from the line and iron on the wrong side. The steam will raise the pile and make it look like new. A teaspoonful of salt should be used to a quart of water in the washing and rinsing waters.

For Women Who Embroider.

Punching eyelet holes by guess may be all very well for the experienced needleworker, but when essayed by the tyro it is apt to result in painfully irregular rents in the fabrics. There is a new eyelet maker which is provided with a gauge to regulate the size of the holes. The stiletto tapers from a sharp point to the thickness of a pencil, and by adjusting the gauge, holes of any size may be punched without effort. These clever little eyelet makers are shown in the shops at 25 cents each.

Uncle Tom's Hoecake.

Scald a pint of Indian meal with enough boiling water to make a smooth batter; add a small teaspoonful of salt, and a lump of butter the size of a walnut. Stir the batter briskly, put in a well-greased tin, and spread sweet cream or butter over the top. Put it in to bake in a hot oven, let it brown well on both top and bottom, and eat hot with plenty of butter. This cake really is delicious.

Cocoa Frosting.

Put four teaspoons cocoa in saucepan, add two tablespoons cold water, and stir until smooth. Then add three tablespoons hot water and cook one or two minutes. Add vanilla, speck of salt, and stir in confectioner's sugar and beat until smooth and glossy.

Kipperd Herrings.

Remove the heads and tails, pour over them a little warm butter, grill or broil for five to eight minutes; dish upon a hot dish, pour over them a little more warm butter, and serve.

Five o'Clock Tea.

Four teaspoonfuls of tea, four cupfuls boiling water, candied cherries, slice of lemon. Put a candied ox heart cherry and slice of lemon in each cup before pouring.

Go to Fredkins to buy "S" or "Vigorol" flour.

J. W. Cooper guarantees "S" and Vigorol flour.

THE LODGES

Masonic Notice.

Sedalia chapter No. 18, Royal Arch Masons will meet in special convocation Tuesday evening, March 16, for work in the Mark Master degree. All Companions are requested and expected to be present. Visiting Companions fraternally invited. J. P. GASS, H. P. J. W. MALLERY, Secretary.

Carpets, Rugs and Draperies McKenzie's, 114 East Fifth.

A. H. Meyer sells both "S" and Vigor flour.

PITTSBURG CASE'S DRAGNET

Grand Jury After Bribe-Givers and Bribe-Takers.

Pittsburg, Pa., March 16.—District Attorney James A. Blakeley has been given the power of the court to cast the grand jury dragnet for all bribe givers and bribe takers.

In pursuance of a request made by the public prosecutor last Wednesday, Judge L. L. Davis in the criminal court yesterday gave the grand jury binding instructions to consider carefully all matters brought to their attention by Mr. Blakeley, who has been given full power to conduct the investigation and to find true bills against all public officials and those citizens against whom evidence shall be introduced.

MISSING IN MOTOR CANOE

Friends of Girl and Oregon Governor's Son Are Alarmed.

Salem, Ore., March 16.—Clifford Benson, eldest son of Governor Benson, of Oregon, and Miss Bertha Allen, deputy county clerk of Multnomah county, are missing.

They left Wilsonville together by motor canoe yesterday for this point, but have not yet arrived here. The distance is only twenty miles, and relatives are greatly alarmed.

Men's \$10 and \$12.50 suits cut to \$6.98 at J. C. Cordes, successor to Kroencke & Cordes.

KEEP CHOCOLATE ON HAND.

It is a Dainty That Can Be Put to No End of Uses.

The storeroom of every good housekeeper should contain a good supply of chocolate. It is full of nutriment, fattening in quality and can be developed into all sorts of dishes tempting to the eye and the palate alike.

Nervous, thin children should be allowed to drink all the chocolate they want. In making chocolate to drink, about four ounces of the unsweetened chocolate should be allowed for each quart of milk, and it should be sweetened with brown sugar rather than white. Boil down until it has the consistency of cream, and just before removing from the fire flavor with vanilla. For afternoon tea for grown-ups it is well to add a liberal dash of port wine as a flavoring. The chocolate should not boil, after flavoring has been added, as the heat will kill it.

Chocolate Pancakes—This makes a delicious dessert for luncheon and one that is quickly prepared. Mix together two eggs, yolks and whites, with two heaping tablespoons of sweetened chocolate that has been grated (if unsweetened brand is used, then the mixture must be sweetened to taste), half cup of milk, half cup of flour. Beat all together well. Fry like ordinary pancakes, brown on both sides and roll them, lay on a hot platter, sprinkle with powdered sugar and serve immediately.

Hot Chocolate Sauce for Vanilla Ice Cream.—In a porcelain saucepan boil together one cup of water and half a cup of granulated sugar. Let it boil for five minutes and then stir in slowly five tablespoons of grated chocolate that has been dissolved in a gill of rich milk or thin cream. Stir until thick and smooth, remove from the fire, add vanilla flavoring to taste, beat thoroughly and serve.

Meeting of Superintendents.

M. T. Miller, of Kansas City, district superintendent of the International Correspondence schools, held a staff meeting of the school's representatives for the Sedalia district at the company's office here today, with the following in attendance: P. L. Lewis, division superintendent; A. C. Hoff, man, local representative; L. G. Fry

larger, of Independence; B. K. Bunch, of Marshall.

The Sedalia and St. Joseph, Mo., offices were consolidated, with headquarters at Kansas City, but the Sedalia office will be continued, as in the past.

Yet It Was Robbery for Which Colbert Was Sentenced.

Guthrie, Okla., March 16.—Bill Colbert, who was convicted in the district court at McAlester on Dec. 12, 1908, of robbery, with firearms, and sentenced to life imprisonment at hard labor, has appealed his case to the criminal court of appeals.

Colbert was for many years a deputy United States marshal in the Indian territory and is said to have killed twenty-one men while on duty. He was tried nineteen times and was always acquitted. He is a prominent Choctaw freedman and owns much land.

Sick headache, constipation and biliousness are relieved by King's Little Liver Pills. They cleanse the system. Do not gripe. Price 25c. Sold by the W. E. Bard Drug Co.

REDUCES WAGES 10 PER CENT

Independent Steel Company Announces Cut for April 1.

Harrisburg, Pa., March 16.—The Pennsylvania Steel company, one of the largest of the independent steel companies in the country, has announced a reduction in wages of approximately 10 per cent, effective April 1.

Ice Cream—Sodas, Sundaes, Phosphates, Egg Drinks, Malted Milk and all delicious appetizing Fountain Beverages are ready for you at the Arlington Fountain.

Run Into

No, this is not another railroad accident; simply you are getting to that point of life where you need glasses.

Do you ever find, when reading at night, that the letters and lines run into one another, and confuse? If so, it is time, right now, to interview Ormond, our optical expert; he can fit you with glasses and make reading easy. We have added a complete grinding plant to our optical department and can duplicate your broken lenses without delay.

Ormond & Klueber,
316 OHIO STREET.

No Other Store

Ever offered such a grand display or such a wonderful sale of new spring goods as you'll find in this magnificent Spring Opening Sale.

TROOPS HAVE MUTINIED

A Sergeant and Seven Privates of the Rural Guard.

Havana, March 16.—A sergeant and seven privates of the rural guard stationed at the town of Vuelas, in Santa Clara province, have mutinied and taken to the woods with their horses and arms.

It appears to be their intention to make an effort to start an uprising. A strong detachment of rural guards has been sent in pursuit.

Ed Carl guarantees "S" and "Vigoral" flour.

RUMBLINGS OF THE RAIL

THE BOSTON AND ALBANY RAILWAY MEETS BOSTON AND MAINE RATES.

COACH CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources For the Benefit of Democrat-Sentinel Readers.

Developments in the rate war between the Boston & Maine and the eastern trunk lines have become serious.

In February the Boston & Maine filed a transfer with the interstate commerce commission reducing by one cent a hundred pounds the freight tariff on import commodities, bound to western points in this country. That tariff becomes effective today.

The tariff eliminates the differentials that hitherto have existed between Boston and New York, Philadelphia and Baltimore.

To meet this rate the Boston & Albany, one of the New York Central lines, has filed a tariff with the commission, taking effect on March 18.

Thus far, the other trunk lines have not met the rate, as they can do so only through arrangement among themselves.

The war may have far-reaching consequences, as it is a contest for supremacy in the handling of import traffic among the most powerful of the eastern railway lines.

Admits He "Slipped a Cog."

The following communication from C. L. Hobart, editor of the Holden Progress, is self-explanatory:

"I greatly regret I 'slipped a cog' and made the statement that the Missouri Pacific dispatching force had been transferred from Sedalia to Jefferson City. That was a piece of carelessness on my part, which is inexcusable in a newspaper office.

"I handled the 'railroad beat' on one of the leading dailies of Kansas for four years and know a few of the ropes. I shall make correction in this week's issue of the statement in regard to the dispatchers.

"On the balance of the 'talk' I propose to stand pat. It won't be many years till the 'last laugh' will come, and I'll let you in the secret now: It will be in the Progress office.

"I have received several copies of your Sunday edition with marks and comments."

Missouri Pacific Bulletin.

E. M. Dennis, trainmaster for the Missouri Pacific, issued a circular today, stating that by April 15, next, all engineers and conductors on the Sedalia district, running into Kansas City, must have taken an examination on Rock Island railway rules, and to avoid a "jam" toward the latter part of the time for examinations, as many men as possible should begin at once.

The bulletin states that all freight and passenger men are included, and those desiring to learn the road between Sheffield and Pleasant Hill should apply at the trainmaster's office for transportation.

Several weeks ago the Missouri Pacific leased the Rock Island tracks between Pleasant Hill and Kansas City to avoid steep grades on its own right-of-way, hence the examinations announced.

Will Be No Changes.

The Missouri Pacific election held in New York Monday, as chronicled in the Democrat-Sentinel, that afternoon, means that Charles S. Clarke, of St. Louis, vice president, will remain in charge of the properties, and in all probability, that A. W. Sullivan, of St. Louis, will continue as general manager.

Running Farmers' Trains.

The New York Central Railroad company has its officials busily preparing details for the running of farmer trains similar to those run on the

Erie railroad, consisting of a locomotive and several coaches.

These have proved such a success that the farmers on the line of the New York Central have expressed the desire to have similar ones.

The Lehigh Valley and Delaware & Hudson lines are also preparing similar trains.

Automatic Couplers.

C. T. Robinson, a Katy brakeman, is laying off.

N. J. Flaney, superintendent of the Katy, went to Paola, Kan., today on business.

D. Stoffel, assistant claim agent for the Katy, went to Paris today on business.

E. E. Bixby, a railway mail clerk, and wife, returned today from a visit in St. Louis.

E. M. Dennis, trainmaster for the Missouri Pacific, went to Myrick today on business.

J. B. Tuttle, a north end Katy brakeman, is laying off. Ross Kinsey is caring for the run.

W. B. Shirk, commercial agent for the Missouri Pacific, went to Marshall today on business.

W. L. McCutcheon, claim agent for the Missouri Pacific, went to Booneville today via the Katy.

George Brittenden, division lineman for the Missouri Pacific, made a business visit at Tipton today.

J. V. Tapp, a Katy conductor, brought the company inspection car to Sedalia from Paola, Kan., today.

Col. A. C. Miner, traveling passenger agent for the Katy, went to Jefferson City this morning on business.

Louis Wilson, the Kansas City division brakeman, is off from work, and Tom Jackson is filling the vacancy.

E. F. Lewis, a Missouri Pacific engineer, returned to Jefferson City this afternoon, after a visit with his family here.

Art Hawkins, the M. K. & T. conductor, is taking a rest, and Hub Rible is taking care of the run on the north end.

S. K. Bullard, of Denison, Texas, superintendent of telegraph for the Katy, went to Warensburg this afternoon on business.

J. H. Holland, a Katy fireman, who has been bedfast with a cold at his home on East Ninth street, is able to be up and around.

"Jim" Hungerford, the Katy passenger conductor, who has been off from work for several days, resumed work on No. 2 today.

T. H. Thompson, a Missouri Pacific switchman, and wife, are today moving from 512 South Ohio avenue to 309 East Third street.

William Hansen, supervisor of bridges and buildings for the Missouri Pacific, went to Jefferson City this afternoon on business.

John Brewer, a Missouri Pacific secret service officer, passed through here this afternoon, en route from Independence to Jefferson City.

C. M. Hunt, of Jefferson City, trainmaster for the Missouri Pacific, was in the city on business today, and went to Lexington this afternoon.

Charles A. Charlton, of St. Louis, chief clerk at large of the railway mail service, was here last night, and left this morning on a business visit at Clinton.

John Carlisle, an M. K. & T. conductor, and brakeman L. K. Avery went to St. Louis on train No. 4 last

SALOON THOUGHT NO. 97.

Here is another illustration of what it means to a city to see the folly in licensing dissipation for a per centage of the spoils. Hon. A. M. Scales, former state's attorney of Greensboro, N. C., says:

"As to the business of the city, the growth of Greensboro has been quite remarkable, and has attracted attention of the whole state, and the prophecies of many people during the campaign have been falsified. We offer two evidences which no one can deny or minimize: They are the postoffice receipts and the bank deposits. Post-office receipts:

1904	\$51,109.62
1905	\$37,050.67
1906	\$70,264.44

The bank deposits as given by the chamber of commerce are as follows:

1904	\$2,501,128.00
1905	\$2,719,310.00
1906	\$3,045,000.00

Greensboro is a city of about 30,000 and voted dry Jan. 1, 1905. Just compare the gain and see if you would not like for Sedalia to be "killed" about like that. You KNOW the individual family is better off without spending the money for liquor and you know any city is nothing but MANY FAMILIES, how on earth can the city HELP but get better, when they can't spend as much money for liquor.

THE DRY.

night to return on one section of the flyer tonight.

A. A. Krause, general claim attorney for the M. K. & T. and R. M. Minford, of the claim department, arrived from St. Louis today to settle hospital claims.

A landman's special and two sections of southbound flyer No. 5 will be run by the M. K. & T. from St. Louis to Texas tomorrow morning, owing to homeseekers' rates.

J. B. Shelton, 213 East Second street, visited the office of the Democrat-Sentinel today, stating he has invented a "dumpy car," which promises to be adopted by railroads at an early date.

Howard Pennisten, better known as "Pick" Pennisten, made his initial appearance as a switchman in the local yards Monday night, filling the place of Walter Murphy, who was in disposed.

A loaded car on Katy train No. 341, in charge of C. S. Moore, was derailed two miles east of Paola, Kan., at 2 o'clock this morning, causing a delay of several hours. The wrecking crew was dispatched from Sedalia.

The Missouri Pacific pay car, in charge of T. L. Harkness, will arrive here tomorrow morning on train No. 3. Company employees will be paid at the round house at 8:15 a. m., and at the Union station at 7 a. m. and 2 p. m.

M. K. & T. train No. 2 was run in two sections this morning, the first section being two engines running "light" to return with two sections of the flyer tonight. Conductor F. W. Nicholas was in charge, with Engineers Wolf and Doyle in the cabs of engines Nos. 308 and 312.

J. J. McRoberts wants your orders for "S" and Vigoral flour.

TWO RECIPES OF VALUE.

For Chestnut Mousse and Dainty and Festive Cake.

To make a chestnut mousse take one cup of chestnut puree, also one and one-half cups of chestnuts cooked in a thick sirup and dried afterwards on waxed paper in the oven. Heat the puree, stirring into it a small cupful of sugar. Set it aside to cool. Add a cupful of the chestnuts cut into half and lightly mix with a pint of cream, stiffly whipped. Put into a closely-covered mold and pack in ice and salt for five hours. Turn out on a platter and surround by whipped cream.

A cake festive in red, white and blue may be made as follows: For the cake take one pound of flour and sift with one teaspoonful of baking powder; mix into it thoroughly six round-topped tablespoons of butter, then add three-fourths pounds of sugar, one pint sweet milk, one tablespoonful of vanilla extract; then fold in the stiffly-beaten whites of five eggs. Divide the batter into three parts, and to one add enough red vegetable coloring to make a strawberry shade, flavoring this part with rose, to the other third add violet coloring and almond extract, leaving the other third white

A Spring Message

To Our Friends and Patrons, Greeting:

Spring is with us once again and as we extend the season's greeting, we wish to offer a renewed welcome to our store. We would like to have you think of us first when contemplating the purchase of your Spring Clothing. We would like to have you make our store YOUR clothing store.

If you are a customer of ours we believe that you will want to continue your patronage, but if you are not within the fold and have never worn our clothing, we think you are making a mistake. If you will favor us with a call—if you will allow us to show you our Spring beauties in Suits, Top Coats, Trousers, etc., we are sure of winning you to the extent of giving us a trial this season. Our name receives consideration among all fashionable dressers and it is a guarantee of the best of clothing at right prices. What you buy here will be right—

must be right.

Here you will see in our clothing fine tailoring at its best; here you will find qualities as represented and prices in every instance the lowest consistent with the grade of our garments.

We will buy back any article purchased of us that is not entirely satisfactory. When you are satisfied and pleased we shall be—but not before.

Yes, we are making a bid for your trade. Can we have it? Sincerely yours,

THE SWINDLED TO TESTIFY

J. C. Mabray is to Be Tried for Operating Fake Contests.

St. Louis, March 16.—Forty circular letters were sent from here to men in various parts of the west yesterday by J. S. Swanson, postoffice inspector, asking the recipients to appear next week before the federal grand jury in Council Bluffs, Ia., to testify regarding alleged swindles perpetrated by J. C. Mabray and his associates who were arrested recently in Little Rock, Ark.

Swanson received a letter yesterday from Frank H. Pilling, of Tacoma, Wash., saying that he was swindled out of \$18,000 in a "fake" prize fight last August. When he complained to the authorities he was arrested and sentenced to a year's imprisonment for aiding and abetting the fraud. He has appealed from the judgment and meanwhile is eager to testify against Mabray. Mabray was indicted on two counts last week in Council Bluffs.

TRAINS IN THE DITCH

Frank Westafer, a Brakeman, Severely Injured Near Lacrosse.

Lacrosse, Kan., March 16.—East-bound Missouri Pacific freight No. 5523 jumped the track two miles west of here at 1 o'clock last afternoon.

The whole train went into the ditch. Frank Westafer, whose home is in Washington, was thrown from the train and severely injured.

THE BUILDING OF SHIPS

BANNER YEAR FOR INDUSTRY
IN AMERICA CLOSED
JUNE 30, LAST.

STATEMENT WILL COME AS BIG SURPRISE

Exactly 300 More Vessels Built In
1908 Than In 1907—Steel Con-
struction Is Largest In
Our History.

Washington, March 16.—That the banner year of American ship-building closed on June 30 last will no doubt come as a surprising statement to the general reader, yet it is made on the authority of the United States shipping commissioner, Eugene Tyler Chamberlain. He gives documentary evidence to substantiate it. The total number of vessels built in the United States during the fiscal year ended on that date was 1,457, with a gross tonnage of 614,216.

For the nearest approach to this output we must turn back more than half a century, to the fiscal year ended June 30, 1855, which had a total product of 583,450 gross tons. The increase for 1908 was 426,651 gross tons, against 409,099 gross tons for 1855.

Nor is that the only gratifying feature of the year's showing to American pride. The total documented merchant shipping of the United States at the close of the fiscal year, comprising 25,425 vessels of 7,365,445 gross tons, is the largest in the history of the United States and is larger than the tonnage under any other flag except the British, to which the current volume of Lloyd's Register assigns 11,563 vessels of 18,709,537 tons.

The same authority credits Germany with 2,178 vessels of 4,232,145 tons. Such comparative facts must always be qualified by the observation that over one-third of our merchant tonnage is employed on the Great Lakes, and the great bulk of the remainder is employed in purely domestic transportation.

During the year we had but seven steamships regularly crossing the Atlantic to Europe, and recently two of these have been transferred to a foreign flag. Crossing the Pacific regularly we have but six steamships, and we have no steamships under the American flag on routes to South America below the Isthmus and the Caribbean sea, to Australia or to Africa.

Of the seagoing vessels embraced in the total 17,241 were employed on the Atlantic and gulf coasts, 3,172 on the Great Lakes and 3,195 on the Pacific coast. Broadly speaking, the classification is into 10,926 steam and 10,300 sailing vessels. Of the steam vessels 1,814 are constructed of metal and 9,112 of wood, while of the sailing vessels 10,174 are of wood and only 126 of metal.

Of the steamers built during the year, however, 132 are of metal, against 108 for the previous year. Exactly 300 more vessels were built in 1908 than in 1907, and of the total output of 614,216 tons, 450,017 tons were of steel.

The steel construction is thus not only by far the largest in our history but it will be noted that our capacity for steel construction has virtually doubled since the fiscal year 1901. The product is over fourfold that of 1899.

Don't drug the stomach or stimulate the heart or kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative, and see how quickly good health will come to you again. Test it and see. Sold by the W. E. Bard Drug Co.

FOREIGN FLOUR OFFERED

Claim It Will Compare Favorably With American Flour.

New York, March 16.—Foreigners are ready to compete in this market in winter wheat flour.

The Journal of Commerce was informed by one large firm that they were in a position to offer 50,000 barrels of choice winter straights at \$4.80 in jute, duty paid, or sixty cents below the quotations for American flour.

It could not be stated definitely just how the flour would grade in comparison with American flour, except that it would not lose by the comparison.

The flour comes from Great Britain

Calif- ornia

Wouldn't you like to visit California now while the climate's contrast is more striking than at any other time? Orange and lemon groves in blossom and in maturity; flowers in rich profusion and endless variety; charming valley and mountain resorts; at the seashore swimming, bathing, boating,—all these and more waiting for you.

To make the trip economically buy one of the

\$25 Colonist Tickets

the Santa Fe will have on sale daily Mar. 1 to April 30, 1909, from Kansas City, St. Joseph and intermediate points on the A. T. & S. F. Ry. Similar reductions to Prescott, Phoenix, etc. Corresponding rates from other points on the A. T. & S. F. and from points on other lines in connection with the Santa Fe.

Through tourist sleepers and chair cars (seats free) carried daily on Santa Fe trains leaving Kansas City at 11:30 A. M., 2:35 P. M., and 9:05 P. M. Meals at Santa Fe dining-rooms, managed by Fred Harvey, of the same superior quality supplied standard sleeping-car passengers.

I have some folders and other printed matter telling about the train service and attractions en route, including the ever-alluring Grand Canyon, a side-trip costing \$6.50 additional. I'll send these and full information about other stopovers allowed on these tickets if you expect to go to California this spring.

respond with the manufacturers of

portable steel cells, relative to pur-

chasing several to be used for county

prisoners worked on the public roads,

which will dispense with returning

the prisoners to the jail each night.

THE JAY-M'COOK MARRIAGE

Bridal Couple Will Go to Japan Almost Immediately.

New York, March 16.—Peter Augustus Jay, son of Mr. and Mrs. Augustus Jay, who is first secretary of the American embassy in Japan, married Miss Susan Alexander McCook, daughter of Col. and Mrs. John J. McCook, today.

The marriage was hastened because it is necessary for Mr. Jay to return to Japan almost immediately.

Mr. Jay is a graduate of Harvard, class of '00, and a member of the Knickerbocker and other New York clubs.

Notice to Live Stock Owners.

When you contemplate employing a veterinarian, remember that the

better the qualifications of the man you employ the less your chances for loss in proportion. Walter Warren has been practicing in Sedalia for

over three years and desires that you make inquiry about his work. He is the only graduated veterinarian located in Pettis county that does a

general practice. When you have a valuable animal that needs attention you cannot afford to employ any but the best. If you desire to consult him call at his residence, 1021 South

Kentucky street. Phone 246, or at Hardings barn, 218 South Osage.

Meeting of the K. and L. of S.

John L. Gold was elected president, vice Will Brunmet, resigned, six applications were balloted on and the following were initiated at Monday night's meeting of Queen City council of the K. and L. of S.: Misses

Mayme Killian, Ethel Murray, Daisy Olds and Messrs. Frank Peterson and J. H. Dozier and Mr. and Mrs. Eugene Olds.

Baker & Estabrook sells both Vigoral and "S" flour.

Mrs. Wiederhold,

Successor to

THE THEATER "TRUST"

Have Been Disastrous Failures During Past Year.

New York, March 16.—The theater trust's panic-stricken over the situation, and is tremblingly considering about providing their numerous theaters with shows to take the place of the disastrous failures of the present year.

While the theater trust is wealthy in its resources of playhouses, and while it is strong enough to bulldoze and cower such a manager as William A. Brady if he tries to depart in the slightest detail from its wishes, the one thing in which the combination is destitute is the ability to wave its wand and produce instantly the kind of plays the public will patronize.

The Candy Department.

Get a pound of Peanut Gems. They are delicious and entirely new; 10c per pound.

Oriental Bon bons, made from new Smyrna figs, French fondant covering with maple flavoring, 10c per pound.

Also choice line of chocolates which usually retail from 25c to 40c per pound, which we sell for 20c per pound.—Ramsey's, Sixth and Ohio streets.

Janitor Wanted—Apply Central Business college.

HOME-MADE CANDIES

CONFECTIONS THAT ARE PURE AND WHOLESOME.

Sea Foam Delicious and Cheap—Gingerbread Nuts—For Perfect Butterscotch—Chocolate Caramels.

Sea foam is one of the cheapest yet most delicious candies of the roster.

It is sometimes made with the addition of whites of eggs, and again without. Try both ways. For the first add to three cupsful light brown sugar one cupful boiling water and place over the fire. Stir until the sugar is dissolved, then cook without stirring until a little dropped from the tip of a spoon spins a thread. Take from the fire, and when the mixture stops boiling add to it gradually the stiffly whipped whites of two eggs. Continue to heat with a wire whip until the mass is soft and creamy, yet of a consistency to stand alone, without spreading. Flavor with vanilla when half beaten. When done, drop in pats on waxed paper. If preferred, a cupful of nut meats coarsely chipped can be added just before dropping on the paper. The surface of this sea foam is also made in this wise: Boil together until the sirup spins a thread one pound dark brown sugar and a cupful cold water. Take from the fire, add a half teaspoonful vanilla, and beat until soft and creamy. Drop in irregular pats on waxed paper.

Gingerbread Nuts.—Put one pound of brown sugar, one pound of honey and the grated rind of half a lemon into a saucepan and simmer them well together; all one-fourth pound of butter, one ounce of sugar, and, lastly, two pounds of flour. Roll out thin, cut into rounds, and bake about 20 minutes in a slow oven.

Delicious Butterscotch.—Two cupsful granulated sugar, half cup water, half cup vinegar, one pound butter. Stir constantly while cooking, and cook until it forms a hard ball in cold water. Pour in greased tins, and when nearly cold mark in squares.

Chocolate Caramels.—Boil slowly together one pound of brown sugar, one-half cupful of grated chocolate, one-half of a cupful of cream and one tablespoonful of butter until it is like very thick molasses. Take from the fire, add one teaspoonful of vanilla, and pour into straight sided buttered pans, marking in squares when partly cold.

FOR SALE

For Sale—Three piece bed room set. Call Bell phone 851.

LOST

Lost—On Fourth street, a beaver glove. Finder return to this office.

Appetizing Cheese Relish.
If you want to serve something absolutely unique for the cheese course, try the simple preparation of Roquefort cheese and apples. To make it take a slice of Roquefort cheese and a piece of butter the size of walnut. Mix them together into a paste and thin this down by the addition of three or four tablespoonfuls of cognac. When of a good spreading consistency spread it over slices of russet apples and you will have a novelty that will create both surprise and delight among your guests.

Starch That Will Not Stick.
Take flour instead of starch; mix it well in cold water; then pour the water boiling, stirring all the while to make it light; pour a little coal oil into it while hot; when ready to use blue it, strain it and then use it in the ordinary way. Clothes which have been in this starch can be ironed without any sprinkling in a case of hurry. When made according to this direction it will not stick, but it will make your ironing day light and easy. Try it and you will not use any other.

FOR RUSSIAN BEAR PICKLE.
Cucumbers the Chief Staple, Mixed with Other Vegetables.

Eight large ripe cucumbers. Peel, remove seeds, cut in inch dice, soak in brine over night, drain, cook ten or fifteen minutes. Take six medium sized white onions, four bunches of celery, clean, cut in dice, and boil ten minutes, drain, and mix with cucumbers. Have six large green peppers diced and seeds removed.

Hix through the other ingredients cover all with a pickle of white vinegar, white sugar, a little cloves, spice, cinnamon and celery seed, tied in thin muslin, add two tablespoonfuls of hot horseradish. Pour vinegar on grated and seal in jars. This makes a delicious, dainty green and white chow.

EIGHT WEEKS FOR ONE DAY

That is What George Darwin Says We Are Coming To.

London, March 16.—Eight weeks one day. That is what we are coming to. Sir George Darwin, who knows all about these things, asserts that the action of the tides is operating as a brake on the earth's revolutions, and that every day our fussy little globe spins more slowly.

Eventually, he predicts, the day will last five times as long as it does at present. And thus, as he very justly observes, will make an immense difference to mankind.

It will dispense with the necessity for the daylight saving bill, for one thing, and it may have an important bearing on the eight-hour day.

There will be only six days and a half in the Darwin year when it comes, and if the working man insisted on his eight hours charter he would only work fifty-two hours in twelve months. He might just as well be in the civil service.

Foley's Kidney Remedy will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Cures backache and irregularities that if neglected might result in Bright's disease or diabetes.—Arlington Pharmacy.

F. T. Mulcahy will sell you "S" or Vigor flour.

Call for Little Squaw Cigars—5c.

TWO USEFUL HINTS ON RUGS.

Good Imitation of Indian Weave—Another Made Like Rag Carpet.

An Imitation of an Indian Rug.—Cut wool or silk rags as for carpet weaving; sew together several balls of solid colors, such as red and black; sew all other rags "hit or miss." Crochet in Afghan stitch one strip of solid about half a yard wide inserting crosses of contrasting colors as you proceed. If knitted, the middle strip might be in Roman stripe effect. Now make two strips about three inches wide of "hit or miss," and sew on either side of the wide middle strip. For the outside edge have strips three or four inches wide of solid color. No fringe or finish of any kind is needed. A coarse bodkin, threaded with the rags, is used for sewing the strips together. The result is exceedingly attractive.

Chenille Woven Rugs.—Take all your woolen rags and cut and sew as for a rag carpet. Wind every color separately. The borders are made of black and red rags, and sometimes a little green, and for the center any other color will do. It takes five pounds to one square yard; that is, a rug 60x31 inches makes a good size rug. For the border of the above size it takes 1½ pounds of black and one pound of red. The price of weaving is about 18 cents a square foot.

FOR RUSSIAN BEAR PICKLE.

Cucumbers the Chief Staple, Mixed with Other Vegetables.

Eight large ripe cucumbers. Peel, remove seeds, cut in inch dice, soak in brine over night, drain, cook ten or fifteen minutes. Take six medium sized white onions, four bunches of celery, clean, cut in dice, and boil ten minutes, drain, and mix with cucumbers. Have six large green peppers diced and seeds removed.

Hix through the other ingredients cover all with a pickle of white vinegar, white sugar, a little cloves, spice, cinnamon and celery seed, tied in thin muslin, add two tablespoonfuls of hot horseradish. Pour vinegar on grated and seal in jars. This makes a delicious, dainty green and white chow.

The Home.

A scratch on polished furniture can be almost obliterated by rubbing vigorously with linseed oil.

Keep a vegetable brush to remove the silk quickly from ears of corn. A new nail brush with a handle is equally useful.

If an iron is not at hand when marking clothes with indelible ink, hold the writing against a lighted lamp chimney or gas globe.

Garments that are to be hung out to air can be put on hangers rather than pinned to the line. This prevents sagging or marking with clothespins.

Bric-a-brac containing mother-of-pearl should never be cleaned with soap and water. Instead, it should be rubbed with a cloth dipped in whiting and water.

If, when using lemon for flavoring, you need only half a one, put the other half on a plate and cover with a glass tumbler. This excludes the air and prevents it from drying up or getting moldy.

Every Word of It True!

BERTMAN COAL CO.

Main and Vermont Bell Phone 92

When we say of our coal that it is "first in quality, highest in merit, best in every way," it's not mere advertising talk—it's a fact, as our regular patrons have long ago found it. We would like to convince you as well and a trial order will tell the tale.

PHONE 1505.

SAVES MUCH LABOR

DISHWASHING MACHINE HOUSE-KEEPERS' FRIEND.

Does Away with the Most Disagreeable Work of the Kitchen—Also Prevents Breakage from Hurried Cooks.

Dishwashing is the bugbear of the kitchen. Doing one's own work would be a pleasure were it not for the inevitable cleaning up.

Some women who cannot afford a cook will do without a new dress in order to pay a small girl to keep the dishes clean after each meal. Yet this same woman would be quite horrified at the thought of buying a dishwashing machine.

The modern woman has to be educated up to the idea that it is folly to use one's hands where a machine will do as well. Perhaps the fault lies with the old makes of dishwashers, which took as long to clean as to wash the dishes. The newest machines are simple in construction, easy to clean, and moderate in price.

The best dishwashers are made with a galvanized iron cylinder, into which is fitted a cylindrical tray or basket. The cylinder is half filled with soapy water, which is brought to the boiling point when the dishes are put into the tray or basket.

There is usually a ledge for the plates, which are stood on end, the saucers are put next, then the cups and finally the other dishes. All that is necessary is to plunge the tray into the cylinder, turn the crank a couple of times, reverse it and the dreaded task of dishwashing is done.

The tray is then lifted out, set on the reversed cover and scalded with clean boiling water, which quickly evaporates leaving comparatively few dishes for drying.

A dishwasher not only saves time, but prevents breakage from hurried cooks. When a woman does her own work not the least advantage of machine dishwashing is that it protects the hands from the scalding water.

In using a dishwasher as in the ordinary process much depends upon cleaning up the dishes before putting them in water. Pans and pots should be carefully scraped and have boiling water put in them as soon as used.

The table china should be scraped with a rubber scraper, which will not injure the finest ware. If possible the refuse should be burned and it is better to do the scraping into an old pan rather than over the sink, whose drains may be clogged with grease.

STORAGE AND TRANSFER.

Household goods moved, stored or packed, from a baseburner to carload lots. Shaffer Storage and Transfer Co., John Shaffer, manager. Phones—office, 330; residence, 330 2 rings.

A MAYOR FOR LOS ANGELES

Special Election to Be Held On Friday, March 26.

Los Angeles, March 16.—William D. Stephens was elected mayor yesterday by the city council, "to serve until the qualification of the person who receives the highest number of votes at the election, to be held on the 26th day of March, 1909."

Within an hour from the time Mr. Stephens had been sworn in as mayor it was announced by attorneys for both the recall and the regular republican organizations that the election was illegal, and that the courts would be called at once to straighten the tangle.

A VAST COPPER SUPPLY

It is a Difficult Matter to Even Approximate Extent.

Reno, Nev., March 16.—If the state of Nevada had no other entry in the lists for honors among the great copper camps of the world, her standard would be in safe keeping with Ely, and her position assured among the states of the vast mineral empire of the west as one of the great—perchance the greatest—of all producers of the red metal, says the Nevada Mining News.

For here, along the gigantic mineral belt of the Robinson district, there has been blocked out an aggregate of something like 50,000,000 tons of commercially valuable copper ore, while the latent possibilities in the shape

of probable ore occurrences are so tremendous it is a difficult task to even approximate their extent.

WILL SEE BEST RUNNERS

AT BIG INDOOR MEET OF NEW YORK ATHLETIC CLUB TONIGHT.

LEADING HIGH SCHOOL AND Y. M. C. A. TEAMS

The One-Mile Military Scratch Relay for Teams of Four Promise to Be a Fast One—Some of the Other Events.

New York, March 16.—The big indoor meet of the New York Athletic club begins tonight at Madison Square Garden. Practically all the prominent high school and Y. M. C. A. teams in the vicinity of New York will be represented in the special relay races provided.

Another relay that has attracted a big entry and is sure to furnish plenty of excitement is the 1,408-yard handicap race open to teams of four, each man to run two laps. This event is open to members of Sunday school, inter-settlement, Catholic Athletic league and Y. M. C. A. teams, and the best runners in these organizations will be seen.

The one-mile military scratch relay for teams of four promises to be a fast one, as all of the well known military teams are entered, including the 13th, 22nd, 23rd and 71st regiments.

For the New York A. C. members the great interest will be centered in the dual contest with the Boston A. A. in the one-mile relay. Ballard, the interscholastic champion of Boston, will head the Boston team, and it is reported that the New Englanders are coming to the games primed to win. The New York A. C. is equally confident of victory, for with Hillman and Sedley as two members of the team, it will naturally require a speedy quartet to beat them.

The entire track team of Princeton university, consisting of about twenty-five men, will compete in various events, while Yale will send an equal number of contestants. Harvard has entered five men and Cornell will be represented by six, taking part in the leading short and long distance races.

A. T. Shaw, of Dartmouth, has entered for the hurdles, and as he holds the record at 15-15 seconds for the 120-yard hurdle, some fast time may be looked for. McGee, the fast Princeton runner, will run in the mile, while prominent in the sprints will be Gamble and Deeborn. The 70-yard dash already has a big lot of entries, including Cloughen, of the Irish-Americans. In the 12-pound shot put will be Elliott, the New York school lar who has been doing remarkable work this season; Coe, of Boston, and Lawrence, of the New York A. C. Coe will also compete in the 56-pound weight throw with Sheridan, McDonald, Mitchell and McGrath.

OTTERVILLE ITEMS.

Otterville, Mo., March 16.

Mr. John Brooks was a passenger to Sedalia last Tuesday, returning Wednesday.

Mr. B. J. Jordan was in Sedalia last Wednesday between trains.

H. B. Harnsberger visited his brother, A. G. Harnsberger, west of town, a few days last week.

H. J. Dillard and little son, John,

A Significant Fact

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration? Is it not a significant fact too that

Dr. Pierce's Favorite Prescription

Is the only medicine sold through druggists, for woman's peculiar weaknesses and ills, the makers of which are not afraid to print its every ingredient on its outside wrapper? Is this not worthy of your consideration if you are a poor sick invalid woman?

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

It's foolish—often dangerous to accept a substitute of unknown composition in place of this time-tried medicine of known composition. Don't do it. Insist on getting what you ask for.

COLONIES FOR DRUNKARDS

Salvation Army Purchases Island Off New Zealand.

London, March 16.—General Booth, who after a lively campaign in Scandinavia and a visit to St. Petersburg, is expected back to England the latter part of this month.

He says that the Salvation Army has purchased an island off New Zealand for a colony for drunken women, and a much larger island for drunken men, where it was hoped to destroy their appetite for drink in industrial occupations.

St. Helena would be a convenient island for the reclamation of the notorious criminals of the world.

NOTICE TO DEMOCRATS.

Call for Democratic Ward Primaries and Convention.

The democratic voters of the various wards of the city of Sedalia, Missouri, are hereby called to meet at the places designated herein on Wednesday, the 17th day of March, A. D. 1909, at the hour of 7:30 p. m., to nominate a candidate for alderman of each ward; also to select delegates to a city democratic convention, to be held at the circuit court room, at the court house, on Thursday, March 18, 1909, at 7:30 o'clock p. m., to ratify the nominations for aldermen made by the respective ward meetings and to nominate two school directors for the ensuing term.

The several wards will be entitled to the following number of delegates, respectively:

First ward—9.
Second ward—6.
Third ward—15.
Fourth ward—16.

The following places are hereby designated for holding the several ward meetings to-wit:

First ward—City council room.
Second ward—The fire engine room.
Third ward—High school building.
Fourth ward—Circuit court room.
